

## **NEWBORN INSURANCE REMINDER**

### **WELCOME TO PEDIATRIC ASSOCIATES OF RICHMOND**

There are so many things to do now that your baby is here. It is easy to forget that you only have 30 days from the day of your child's birth to add him or her to your insurance policy. Due to the Affordable Care Act a dependent can remain on their parent's policy until age 26. If the baby's mother or father is still a dependent on their own parent's policy, please call the number on the back of your insurance card to determine if the baby can be added to the plan. Your insurance can also provide instructions on how to add your baby to the policy. If you are required to choose a Primary Care Physician be sure to name one of the providers from our group. We need a copy of a valid insurance card for your baby so we can file your claims. Call our Billing Office at (804) 288-9190 if you have any other questions.
